Python 3

```
1 > i = 4...
4
5 # Declare second integer, double, and String variables.
6 i2 = int(input())
7 d2 = float(input())
8 s2 = input()
9
10 # Print the sum of both integer variables on a new line.
11 print(i + i2)
12
13 # Print the sum of the double variables on a new line.
14 print(d + d2)
15
16 # Concatenate and print the String variables on a new line.
17 # The 's' variable above should be printed first.
18 print(s + s2)
19
```

Congratulations

✓ Test case 1 

Compiler Message

Success

Input (stdin)

```
1 12
2 4.0
3 is the best place to learn and practice coding!
```

Expected Output

```
1 16
2 8.0
3 HackerRank is the best place to learn and practice coding!
```

C#

```
10
11 // Declare second integer, double, and String variables.
12 int i2;
13 double d2;
14 string s2;
15
16 // Read and save an integer, double, and String to your variables.
17 i2 = Convert.ToInt32(Console.ReadLine());
18 d2 = Convert.ToDouble(Console.ReadLine());
19 s2 = Console.ReadLine();
20
21 // Print the sum of both integer variables on a new line.
22 Console.WriteLine(i + i2);
23
24 // Print the sum of the double variables on a new line.
25 Console.WriteLine((d + d2).ToString("F1"));
26
27 // Concatenate and print the String variables on a new line
28 // The 's' variable above should be printed first.
29 Console.WriteLine(s + s2);
30 > }
```

Congratulations

JavaScript

```
1 > process.stdin.resume(); ...
26 // Declare second integer, double, and String variables.
27     var i2;
28     var d2;
29     var s2;
30
31     // Read and save an integer, double, and String to your variables.
32     // (Eliminamos los console.log informativos para que no interfieran con el juez virtual)
33     i2 = parseInt(readLine());
34     d2 = parseFloat(readLine());
35     s2 = readLine();
36
37     // Print the sum of both integer variables on a new line.
38     console.log(i + i2);
39
40     // Print the sum of the double variables on a new line.
41     // Usamos .toFixed(1) para asegurar un solo decimal en la salida
42     console.log((d + d2).toFixed(1));
43
44     // Concatenate and print the String variables on a new line.
45     console.log(s + s2);
46 }
```
